Kit 474 - ALM High Pressure RGES SF40 Kit

Description:

The ALM High Pressure RGES SF40 Kit is supplied with two payloads and all the accessories required to operate your line thrower. The launcher housing of the ALM is fabricated from 356-T6 Aluminum and is designed for rugged use in land-based and maritime applications.

The RGES SF40 Payloads are used to entangle the propellers on a non-compliant boat in a less-than-lethal operation.
