ResQmax™
the NEW Generation

Kit 416 - ResQmax Marine Vessel Line Deployment Kit

Description

The ResQmax Kit 416 is a Marine Vessel Line Deployment Kit supplied with two payloads and all the accessories required to operate the ResQmax.

The Dacron Line is a messenger line which allows for long range horizontal deployment distances of 400ft / 122m. This line can be used to tow larger, stronger ropes across a river or other fast moving body of water.

The Polypropylene Line has a stronger test strength of 1,100 lbs / 500 kg and is intended to be used in water-based operations which require the line to float. This line, when coupled with the Sling Projectile, becomes an effective way to assist in a man-overboard situation by delivering the ResQmax Sling within seconds. The Auto-Inflating Sling has a mechanism which inflates the Sling on contact with water.

The ResQmax Streamline Filler Hose facilitates charging the Projectiles with compressed air from an Air Compressor, an SCBA Tank, or a SCUBA Tank. The service pressure of these Projectiles is 3,000 psi / 207 bar.

This kit comes complete with spares and a Rigid Transport/ Storage Case. Optional accessories include the ResQmax Tool Kit and additional projectiles and lines.

Shipping Dimensions: 32 x 22 x 13" - 59 lbs

Filler Hose Adapter Options

Below are the adapters available with the Filler Hose Assembly. Please select from the following choices:

SCBA Adapter
(American Standard)
Part #: 9111-S

SCUBA Adapter
Part #: 9121-S

SCBA-DIN Adapter
(European Standard)
Part #: 9131-S

SCBA Compressor Adapter
Part #: 9151-S

SCUBA Compressor Adapter
Part #: 9171-S

SCBA-DIN Compressor Adapter
Part #: 9161-S

KIT CONTENTS:

1 - Part #500	ResQmax Launcher - Red
1 - Part #300-S	Streamline Projectile with 2 spare covers
1 - Part #301-S	Streamline Sling Projectile with 4 spare burst capsules
1 - Part #805	500lb test 3mm Dacron Line (500ft / 152m) in Compact Line Container
1 - Part #808	1,100lb test 6mm Polypropylene Line (328ft / 100m) in Compact Line Container
1 - Part #60402-S	Streamline Nozzle Protector - 5 pack
1 - Part #712	CO_2 Cylinders and Bobbins - 5-pack
1 - Part #714	O-ring Kit - 10-pack (various)
1 - Part #715	Corrosion Block
1 - Part #720	ResQmax Operations Manual
1 - Part #725	ResQmax Training CD
1 - *Select*	Streamline Filler Hose (*see adapter options above*)
1 - Part #908	Pelican Storage / Transport case - Black
