ResQmax™ the NEW Generation

Kit 417 - ResQmax Coastal Rescue Kit

Description

The ResQmax Coastal Rescue Kit 417 is supplied with two buoyant water rescue lines, two Sling projectiles, and all the accessories required to operate the ResQmax.

The 6mm polypropylene rescue lines are 330 ft / 100m in length, with minimum test strength of 1,100 lbs / 500 kg. Each Sling projectile incorporates a flotation collar, which auto-inflates on contact with water. This system is an effective means of providing buoyancy and a retrieval line to a victim caught in a rip current or heavy surf conditions, without putting the rescuer at risk. All elements of the system are reusable, and the line is easily repacked by hand.

Projectiles are pressurized using the Streamline Filler Hose Assy to decant air from SCBA or SCUBA tanks, or directly from a compressor. The service pressure of this system is 3,000 psi / 207 bar, and when fully charged will deliver the auto-inflating flotation collar a horizontal distance of 250 ft /80 m.

This kit includes miscellaneous spares, an operations manual, a training CD, and a Kit Carry Bag for storage and handling. Optional accessories include the ResQmax Tool Kit and a Rigid Transport/Storage Case with molded interior liner. Additional projectiles, lines and other accessories are also available.

Shipping Dimensions: 25 x 13 x 13" - 30 lbs

Filler Hose Adapter Options

Below are the adapters available with the Filler Hose Assembly. Please select from the following choices:

SCBA Adapter
(American Standard)
Part #: 9111-S

SCUBA Adapter
Part #: 9121-S

SCBA-DIN Adapter
(European Standard)
Part #: 9131-S

SCBA Compressor Adapter
Part #: 9151-S

SCUBA Compressor Adapter
Part #: 9171-S

SCBA-DIN Compressor Adapter
Part #: 9161-S

KIT CONTENTS:

1 - Part #500	ResQmax Launcher - Red
2 - Part #301-S	Streamline Sling Projectile with 2 spare burst capsules
2 - Part #808	1,100lb test 6mm Polypropylene Line (328ft / 100m) in Compact Line Container
1 - Part #60402-S	Streamline Nozzle Protector - 5-pack
2 - Part #712	CO_2 Cylinders and Bobbins - 5-pack
1 - Part #714	O-ring Kit - 10-pack (various)
1 - Part #715	Corrosion Block
1 - Part #720	ResQmax Operations Manual
1 - Part #725	ResQmax Training CD
1 - *Select*	Streamline Filler Hose (*see adapter options above*)
1 - Part #907	Cordura Kit Carry Bag - Red
